

## **Ident-A-Kid Wins Top 100 Product Award**

### ***Complete Campus Security Solution (CCSS) Named “Readers’ Choice Top 100 Product” by District Administration Magazine.***

**St. Petersburg, FL - December 1, 2016.** – Ident-A-Kid’s CCSS Visitor Management System has been recognized for making a positive difference in education by K12 leaders who named it to District Administration magazine’s “Readers’ Choice Top 100 Product for 2016.”

The winners, selected by District Administration’s editors from the 1,500-plus nominations, were products that received the highest number of nominations and best reviews from K12 leaders.

Ident-A-Kid’s CCSS is an easy-to-use Visitor Management system that improves visitor control on campuses by tracking all visitors’ pertinent information, including a photo for positive ID. The system can also perform a sexual offender check and print a custom badge for all visitors to wear. “Ident-A-Kid’s software works great, is feature rich and a great value” said Yolanda Gonzales, Technology Coordinator of Albuquerque Public Schools.

This is the fifth year Ident-A-Kid has won this distinction. To learn more about their CCSS Visitor Management system, go to [www.ccssvm.com](http://www.ccssvm.com) or call 800-890-1000.

“Learning about all the products being used to help districts succeed is inspiring,” says JD Solomon, District Administration’s editorial director. “Our winners cover a wide spectrum. All of our 2016 honorees should be very proud of this achievement.”
